Who We Are

CWS (Computer World Services), is a Small Business certified HUBZone services enterprise. We specialize in IT Solutions and end-to-end Network Operations that support our clients around the globe. Whether operating one of the world's largest and most secure networks for DoD, developing websites and portals for military service members or delivering critical product integration to secure our borders, CWS employs quality standards and superior personnel that are second to none. Recognized for our performance and professional staff, we celebrate our 20th year of providing global solutions to federal, state and local customers.

CWS is serious about our commitment to the HUBZone Program. As such, we seek to support the maintenance, building, and promotion of other HUBZone teaming partners on a variety of opportunities. HUBZone is more than a designation...it is core to our belief in doing more for our customers and the employees that make solutions happen.

Quality of Services

For 20 years, CWS has continued to provide innovative solutions and quality services to our clients resulting in customer confidence and a reputation as a leader in our field. Project Delivery is based on best practices as outlined in the Information Technology Infrastructure Library (ITIL) v3 Service Management construct. Our strategic partnerships and mentor protégé relationship with SAIC allow CWS to address the critical needs of our clients across their spectrum of operations. CWS is recommended for ISO 9001:2008 certification.

Long Term Client Relationships
